Portraits, Weddings, Landscape, Camera Tuition, Image Library

ONE DAY SUMMER PHOTOGRAPHY WORKSHOP 9.30am - 5.00pm Saturday July 17th 2010

- **Location: Lukesland Gardens near Ivybridge, South Devon**
- **£75.00 Per Person including simple buffet lunch, refreshments and certificate**
- **Access to all of Lukesland Gardens for the day**

A completely non-technical day of photography tuition and practice. Suitable for all technical levels because we will be purely working on creative skills, ideas and practice.

A fun, informal and stimulating day with lots of opportunity for friendly discussion and practical involvement. The workshop covers many aspects of photography such as inspiration, composition, colour and light, focussing on creativity rather than technical gadgets!

The aim is to help you gain new knowledge, develop a more creative eye, meet like-minded people and discover a greater passion for your photography.

Held in the wonderful setting of Lukesland with 24 acres of gardens. The beautiful setting nestles in a small valley with a brook cascading from its source on Dartmoor through ponds and over waterfalls. The teaching is in the charming Old Billiard Room with a log fire.

There will be the opportunity to experiment with endless photographic opportunities, outdoors or inside at this stunning location.

We then discuss the resulting images, learning from each other's experiences.
